

Approach to Responsibility

IMAGING PARTNERSHIP VISION CARE is represented in over 20 countries – with over 50 sales locations and about 25 research and development facilities.

Responsibility has a long tradition at IMAGING PARTNERSHIP VISION CARE. As a company operating under the umbrella of the Imaging Partnership, IP has been implementing the stipulations anchored in the company for over 10 years. These include profitable growth, responsibilities towards employees, commitment to the interests of society and the promotion of science and education.

IMAGING PARTNERSHIP VISION CARE Takes Responsibility

The basic and comprehensive principles for the whole IMAGING PARTNERSHIP VISION CARE and for all its employees are set out in the IMAGING PARTNERSHIP VISION CARE Policy and the IMAGING PARTNERSHIP VISION CARE Code of Conduct. They govern the company's interactions with the environment, society and the business world.

Opportunity to Give Feedback

IMAGING PARTNERSHIP VISION CARE welcomes and actively supports dialog with all interested parties. If you have any questions or comments on environmental or social responsibility at IMAGING PARTNERSHIP VISION CARE, please click [here](#) to contact the company directly.

Importance of International Guidelines

IMAGING PARTNERSHIP VISION CARE adheres to the local laws and requirements in all of its business activities in the countries where it operates.

IMAGING PARTNERSHIP VISION CARE is also aware of the importance of more extensive social and ecological recommendations and standards, complies with these, and takes stipulations issued by national and international organisations into account.
